Dear Ms Mundy

RE: REGULATION 28 REPORT FOR MARGARET ELSIE CLARKE, (DECEASED)

I refer to your letter of 9 February 2015 concerning the above death involving legionella at Elements Spa, Rotherham which involved a shower head which was used at the premises.

You expressed concern that future deaths could occur unless fixed shower heads can be effectively cleaned to reduce the risk and to incorporate advice on cleaning into guidance.

Shower heads are designed, manufactured and supplied under the General Product Safety Regulations 2005. HSE has no enforcement powers under these Regulations so I have passed your letter to your local Trading Standards Department at Doncaster Council, Civic Office, Waterdale, Doncaster, DN1 3BU.

Yours sincerely

[REDACTED]
