

MATTER: RASHARN WILLIAMS

MATTER NO: 780901

CLIENT CODE: G4597

RESPONSE TO REGULATION 28 PREVENTION OF FUTURE DEATH REPORT
FOR RASHARN WILLIAMS (DIED 23 OCTOBER 2014)

Response of Mr S [REDACTED], Head Teacher at Berger Primary School, Anderson Road, London E9 6HB.

- 1 HM Coroner raised concerns regarding clarity of emergency situations on the Child Healthcare Plan. We have undertaken a review of all existing care plans and in particular reviewed the emergency provisions. If the emergency is not clear as to what constitutes an emergency for the child and the action to be taken then the appropriate SENCO will refer the matter back to the school nurse and/or the hospital consultant for clarification.
- 2 The policy for the Education for Children with Medical Needs will be amended to include: if an individual Healthcare Plan is not clear as to what is regarded as an emergency for the child and the action to be taken, the member of staff responsible will clarify these provisions with the school nurse and/or the hospital contact identified on the Healthcare Plan.
- 3 The school will ensure that all children with severe medical conditions will have their photograph and a summary of their condition and treatment placed in the staff room and the medical room. This will be based upon those children who have to:
 - (a) Use an Epi Pen for their condition;
 - (b) Administer medicine;
 - (c) Epilepsy or seizures;

(d) More serious illnesses

- 4 Healthcare Plans affect 15% of the children thus those who work with a particular child with a Healthcare Plan are made aware of that child's condition and the treatment required. It would not be possible to exhibit all the children who are subject to a Healthcare Plan on the staff room wall and medical room.
- 5 In addition children who have food allergies have their pictures in the kitchen so they are not provided with food to which they are intolerant to.
- 6 These arrangements were in force prior to the transitional arrangements regarding the move of premises and are now in force with additional photographs in the staff room.
