Ransom Wood Business Park
Southwell Road West
Mansfield
Nottinghamshire, NG21 0HJ

Dear Ms Sleightholme

RE: Samuel William Gale (Deceased)

Further to your letter dated 27 October 2015 regarding the above named I have read the report and your concerns relate to the embedding of mandatory risk assessments in the national procurement of a new SystmOne.

The new Health & Justice Information System will be a national system for the residential estate and as part of the deployment we are working with the Health and Social Care Information Centre and NHS England Clinical Reference Group to review a number of templates and first night screening and risk assessment is one of these templates.

The timeline for the work is that from July 2016 NHS England will be undertaking the deployment and roll out to all sites of the new system, with an expectation that the full functionality will be in place by July 2017. This will include the roll out of any new national templates.

I hope this clarifies your outstanding issues and please do not hesitate to contact me should you require any further clarification.

Yours sincerely

Kate Davies OBE
Head of Public Health, Armed Forces and their Families and Health & Justice
