Dear Dr Henderson

**Mr John CRITTALL (Deceased)
Regulation 28 Report to Prevent Future Deaths**

Further to my acknowledgement letter dated 19 May, I am now in a position to respond substantively to your Regulation 28 Report as sent by [REDACTED] on 16 May 2016.

The Royal College of Radiologists was involved in the development of guidelines by the British Thoracic Society *BTS Pleural Disease Guideline 2010 A Quick Reference Guide* which were first published in 2010 <https://www.brit-thoracic.org.uk/document-library/clinical-information/pleural-disease/pleural-disease-guidelines-2010/pleural-disease-guideline-quick-reference-guide/> I also attach a copy of the guidelines.

In the light of your report, we are taking steps later this month to make our Fellows and members aware once again of these important guidelines.

I trust this is a suitable response to the action you identified should be taken in your report dated 16 May 2016.

Yours sincerely

Andrew Hall
