4	CIRCUMSTANCES OF THE DEATH Samuel Gale was received into custody at HMP Doncaster on 3 rd May 2014. He was 18 years of age, a first time inmate who faced serious charges of rape. Furthermore, it was recognised by prior custody officers and healthcare nurses that he was very distressed at being barred from attending his father's funeral by his mother and siblings who blamed him for his father's suicide in February 2014. He had self-harmed and made an attempt at suicide recently and at times felt suicidal. He was immediately placed on an ACCT and half hourly observations were directed. On 16 th May the ACCT was closed and he was found hanging the following day.
5	CORONER'S CONCERNS
	During the course of the inquest the evidence revealed matters giving rise to concern. In my opinion there is a risk that future deaths will occur unless action is taken. In the circumstances it is my statutory duty to report to you.
	The MATTERS OF CONCERN are as follows. –
	 i) The ACCT was closed by a person who had previous dealings with Samuel without reference to healthcare, the chaplaincy or a unit manager or any officer who had carried out an ACCT review.
	 ii) The Deputy Director was asked to consider whether only the person who is primarily responsible for a prisoner's ACCT should be the one to close it.

6	ACTION SHOULD BE TAKEN
	In my opinion action should be taken to prevent future deaths and I believe you have the power to take such action.
