28 September 2016

Dear Mr Hinchliff,

Inquest touching the death of Thomas George Jordan – Regulation 28 Report

I write in response to your Regulation 28 Report dated 10 August 2016. I have also had sight of the letter from Rachel Howitt, Incident and Assurance Manager, Leeds Community Healthcare dated 4 August and your letter of 10 August in response.

Further to that correspondence, the Head of Healthcare at HMP Leeds has discussed the above with the Clinical Director for Urgent Care at Leeds Teaching Hospital. The Director has agreed that an electronic summary can be issued with all patients who transfer back to HMP Leeds following discharge from a hospital admission. The Hospital currently send an electronic summary to the registered GP and the process for sending the same to the prison can be incorporated within their system. IT personnel from both the Hospital and Care UK will create a pathway that ensures all summaries are appropriately shared. In the meantime, the Director will ensure that written summaries are provided in a sealed envelope for all hospital discharges and these will accompany the patient back to the prison.

I trust that this addresses your concern but please do not hesitate to contact me if I can be of any further assistance.

Yours sincerely
