Dear Mr Tomalin,

**Re: Margaret Olive PINE deceased D.O.D. 20/12/16
Inquest held on 24th August 2017 at County Hall, Exeter
Regulation 28 report**

I refer to the Regulation 28 Report dated 22nd September regarding the above Inquest.

In section 5 of the Report you asked for two particular actions to be considered. I have attached a sketch which was issued to our contractor ordering works to be carried out in the suggested locations. Also attached are the two photographs from their works system showing completion.

You will, note that we have erected (Site 1) a reflective bollard installed in front of the wall. Additionally at Site 2 we have erected an additional No Through Road sign which has been fixed to the first lighting column after exiting the roundabout, to reinforce the two existing signs which are attached to the street name plates.

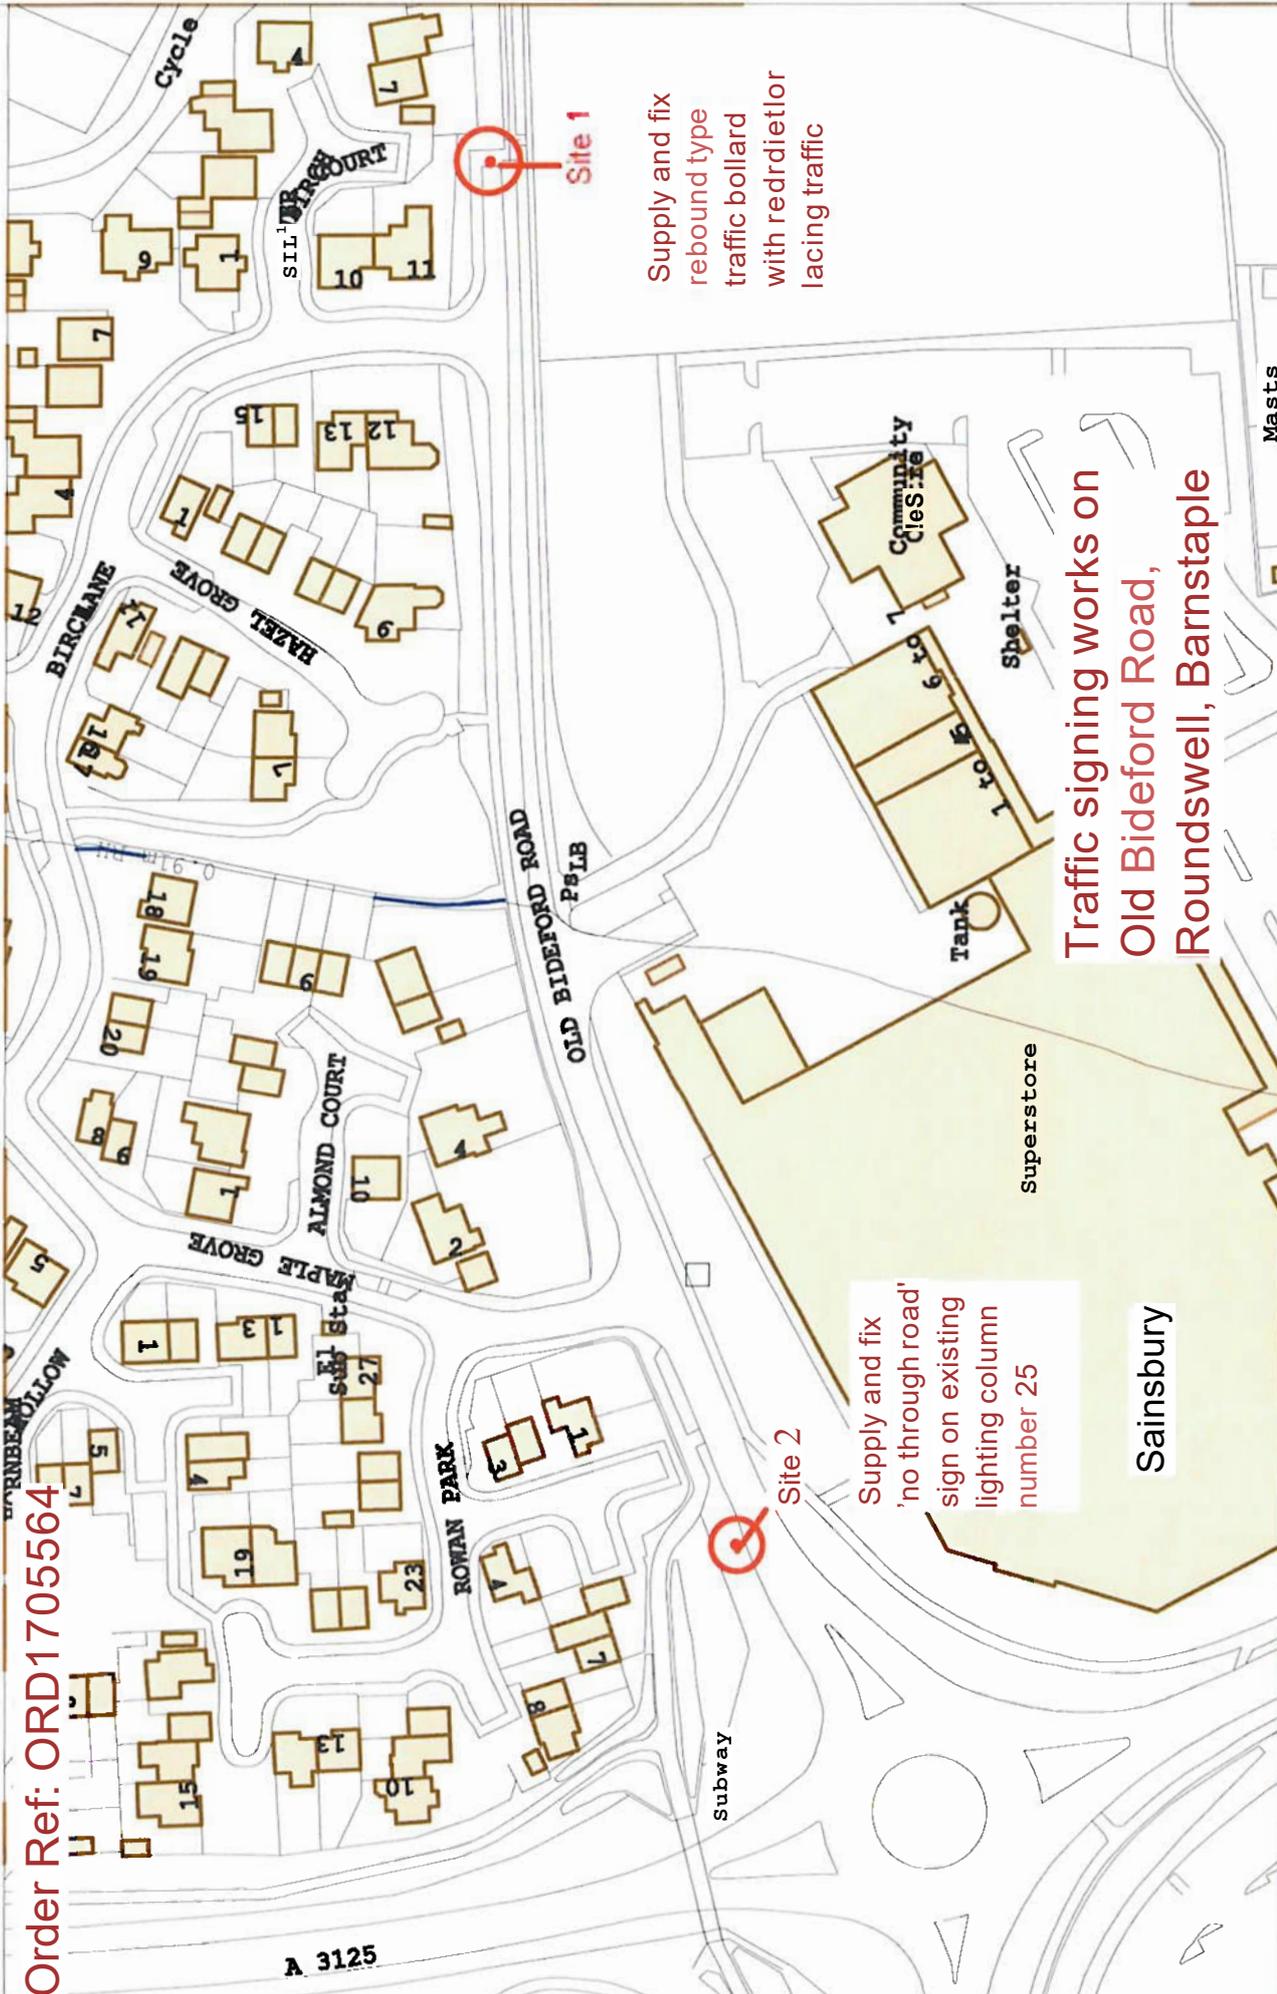

I believe these actions address the matters of concern in your report.

Yours sincerely

[REDACTED]

Chief Officer, Highways, Infrastructure Development and Waste
