Thursday 29 November 2018

Dear Sirs,

**Mark Anthony Nicols (Deceased)
Regulation 28 Report Dated 17 September 2018**

We acknowledge receipt of the Regulation 28 Report dated 17 September 2018 issued by the Coroner.

The Safety at Street Works and Road Works - A Code of Practice (which in practice is known as the Red Book) is the relevant standard relating to road works and street works (to include pedestrian routes and related signage and lighting). Compliance with the Red Book ensures compliance with the relevant legal requirements.

Amey LG Limited's procedures require the company to operate in compliance with the Red Book. Since each site is different, this includes assessing the signage and lighting needed at each individual site to ensure the safety of pedestrians.

We will be issuing a Health and Safety Bulletin reinforcing the need to comply with the Red Book.

Yours faithfully

Amey LG Limited
