

REGULATION 28: REPORT TO PREVENT FUTURE DEATHS (1)

	<p>REGULATION 28 REPORT TO PREVENT FUTURE DEATHS</p> <p>THIS REPORT IS BEING SENT TO:</p> <p>1. Secretary of State for Health, Matt Hancock</p>
1	<p>CORONER</p> <p>I am Kevin McLoughlin, Senior Coroner for the Coroner area of West Yorkshire (East)</p>
2	<p>CORONER'S LEGAL POWERS</p> <p>I make this report under paragraph 7, Schedule 5, of the Coroners and Justice Act 2009 and regulations 28 and 29 of the Coroners (Investigations) Regulations 2013.</p>
3	<p>INVESTIGATION and INQUEST</p> <p>On 8 April 2020, an investigation was commenced into the death of Joseph Francis Luke Nihill, aged 23. The investigation concluded at the end of the Inquest on 14 September 2020. The conclusion of the Inquest was one of suicide caused by [REDACTED] toxicity.</p>
4	<p>CIRCUMSTANCES OF THE DEATH</p> <p>On Saturday 4 April 2020, Joseph Francis Luke Nihill, aged 23, was found dead on the sofa in the living room of his mother's home. He had left instructions not to touch his body as he had taken [REDACTED] to end his life. Farewell notes nearby confirmed his suicidal intent.</p> <p>An examination of his computer later revealed he had been in contact with a [REDACTED] which gave him advice on methods of suicide. It was suggested he consider [REDACTED], and told "It's the most popular method here and it's easy to obtain (most of the time)".</p>
5	<p>CORONER'S CONCERNS</p> <p>During the course of the Inquest the evidence revealed matters giving rise to concern. In my opinion there is a risk that future deaths will occur unless action is taken. In the circumstances it is my statutory duty to report to you.</p> <p>The MATTERS OF CONCERN are as follows. –</p> <ol style="list-style-type: none">(1) [REDACTED] may be actively promoting a particular method of committing suicide and hence breaking the criminal law by assisting suicide. Consideration should be given to blocking their availability in the UK so as to negate this risk.(2) [REDACTED] which enter discussions with troubled and vulnerable young men such as Joe Nihill serve to undermine the benefit of both the medical treatment provided to him and the constructive efforts of his family to restore his health. They have no social utility, but do have the potential to cause harm.(3) At a time when society is seeking to safeguard the mental health particularly of young men suffering from depression, it is counterproductive to permit such sites to bestow a legitimacy on self-harming behaviour. There is a foreseeable risk that other individuals will be drawn into a deteriorating cycle by discussing methods of ending their lives.

	<p>(4) It is harmful for potentially lethal substances to be made available and promoted as an effective method of killing oneself. In this case, Joe was told [REDACTED] could be obtained for £8. Those supplying relatively small amounts of [REDACTED] should be made aware of the implications of their trade.</p>
6	<p>ACTION SHOULD BE TAKEN</p> <p>In my opinion action should be taken to prevent future deaths and I believe your organisation has the power to take such action.</p>
7	<p>YOUR RESPONSE</p> <p>You are under a duty to respond to this report within 56 days of the date of this report, namely by 25 November 2020. I, the Coroner, may extend the period.</p> <p>Your response must contain details of action taken or proposed to be taken, setting out the timetable for action. Otherwise you must explain why no action is proposed.</p>
