[REDACTED]  
Dear Mr. Haigh

With reference to your Regulation 28 notice of 30 July 2021 and my response dated 23 September 2021 with regard to the death of Amanda Dunn, I have further information that you need to be aware of.

In my response dated 23 September 2021, I explained that the circumstances of the case had been assessed and considered by Staffordshire Police's Professional Standards Department, who concluded that no misconduct had been identified.

I wish to update you that the case met the criteria for a mandatory referral to the Independent Office for Police Conduct (IOPC). Following our referral, the IOPC commenced an independent investigation and will update us in due course. Amanda's family are aware of this and have been provided with the relevant contact details.

Please accept my sincere apologies for not informing you of this at the time and I will of course update you when we receive their findings.

Yours sincerely,

T/DCC [REDACTED]  
Staffordshire Police
