Ms Mary Burke
HM Assistant Coroner
West Yorkshire- Western Division
City Courts
The Tyrls
Bradford
BD1 1LA

Dear Ms Burke,

Representations as to Publication of this Response in accordance with the Chief Coroners Revised Guidance (No.5) Reports to Prevent Future Deaths

Further to our letter of response dated 27 April 2022 and in accordance with the Chief Coroners Revised Guidance (No.5) Reports to Prevent Future Deaths, the Trust seek to make reparations as to the publication of your concerns and the Trusts subsequent response.

As concerns and responses relating to 2, 4, 5, 6, 7, 8 ,9 and 10 refer to individual clinical staff, the Trust feel at least in part, detailed steps taken by and in relation to those individual members of staff should be redacted as the concerns, coupled with the evidence at the inquest, would easy identify the staff involved.

The Trust respectfully request that insofar as the concerns and responses relate to individuals who could be identified they should not be published. This contains very specific and personal information and publication, and identification could be very damaging to the individuals in circumstances where the responses set out the measures they have taken in terms of reflection and education. Notwithstanding, the Trust is satisfied as to competence or, in one case, is facilitating further training as the member of staff returns to work.

In the circumstances, the Trust would request that Concern 2 be summarised to say it relates to the process of handover and only the first paragraph of the response is published. With regards to concerns and responses relating to 4, 5, 6, 7, 8 and 9, the Trust requests that this not be published.

The Trust further requests that the second paragraph of the Response to Concern 10 is also not published.

We hope you understand our request and will consider the same.

Yours Sincerely

A large black rectangular redaction box covering the signature area.A small black rectangular redaction box covering the name of the signatory.
