Coroner's Office

Sent via email only

Dear Sir/Madam,

Following my email response of 8 June 2022 to your Regulation 28 Report, detailed below, I would like to reconfirm we are treating this with the utmost seriousness.

In order to most effectively cascade your concerns to our member Clubs, we will send appropriate correspondence to the Legal, Club Secretarial, and Football departments at each of the Clubs. That should ensure that relevant personnel who will be dealing with transfers and travel arrangements are provided with full notice. In that correspondence, we will signpost to the Civil Aviation Authority for further information and guidance.

We are meeting with our Clubs at our Annual General Meeting on 9 June 2022. I will personally ensure that this matter is also raised to the Chairs/Chief Executives/Owners who are attending that meeting.

If the Premier League can be of any further assistance to the Coroner's Office, please do let me know.

Yours faithfully,
