Dear Sirs

**Regulation 28 Report to Prevent Future Deaths  
Inquest touching the death of Emiliano Raul Sala**

I have been passed your correspondence relating to this matter and apologise for the delay in writing to you. I know that you have contacted my colleague [REDACTED] and left a voicemail. I returned that call at 3.25 today and have left a message. I am more than happy to talk with you if necessary.

I think there has been some issue with the Report to Prevent Future Deaths being served upon us. However, I can confirm that we have considered the RPFDF and actioned the requests of HM Coroner.

Rugby League is a sport that does not use such flights as mentioned in this case but we have still written to all our member Clubs advising them of the situation and asking that they ensure that wherever they do not sue such flights., We would also be happy to meet with the relevant authorities.

We informed all our Clubs of this within 7 days of receiving the RPFDF and ensured it was circulated to the relevant decision maker at the Club and to the CEO.

I trust this information is sufficient but would be happy to discuss with you on a call.

Again we apologise for the delay in formally responding .

Yours faithfully

**Director of Operations & Legal**
