18th August 2022

Dear Sir

With ref to your letter of 23rd June 2022. We personally have no issue with the wall. There are low walls all over Cumbria. And in actual fact further down the beck in Cark there is a large area with a drop that has no wall at all. It was very sad when Mr Moorby was found in the beck on 5th September 2021 whatever the circumstances had been. Mr Moorby was extremely inebriated.

However we would be willing to contribute to put a sign on the wall stating 'low wall' if ALL the residents did and not just the ones mentioned in your letter. . And would be willing to put up an P.I.R light on our property 11 Millstream Court which would light up the access road in front of our property when someone went passed. We could not guarantee this would work every time and We would have to pay for this.
