**RE: Reginald Cauthery (died: 21.02.22)**

Dear Mrs Mazepina,

I have read your attached documentation and can confirm that we would always recommend to our members and the wider Technology Enabled Care (TEC) sector to provide monitored smoke detectors, rapid heath detectors and fire detectors to elderly and vulnerable service users.

We worked on a number of recommendations with London Fire Brigade in 2003 which remain relevant today and I have attached a slide set giving details of the joint recommendations.

Please do not hesitate to contact me if I can be of any further assistance.
