[REDACTED]

Dear [REDACTED]

Thank you for the Regulation 28 Report. On behalf of Conor Burke CEO UHUK, I have arranged for all Medical Directors and Nurse Directors of our 30 members to receive a copy of the Report and asked them to distribute it to their front line clinicians using their standard communication mechanisms (attached emails) . These clinicians provide care to 65% of the UK population. In addition the report will be reviewed and discussed at the Medical Directors and Nurse Directors Teams Meeting to be held on 18th September 2023, 1-2pm.

I trust that this meets your requirements. Please do not hesitate to contact me for any further information.

Kind regards,

[REDACTED]
