

1st December 2023

Dear Mr Allen,

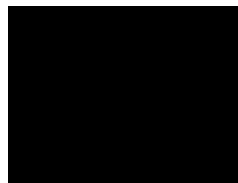

In response to the Prevention of Future Deaths report, dated 13th October 2023, please find below our considered response, action plan and timeline.

The current NCC document, 'Safety Advice for Coasteering Providers 2015 Version 3' will be updated to address the 4 points raised as concerns by the Coroner in Section 5.2 i-iv in the Prevention of Future Deaths report. The rewrite will also update the 2015 version with other practices and advice that may have changed since the writing of the original advice with an aim of continuing to promote safe coasteering.

Action Item	How	When
Provided NCC members with the information in the report	This will be shared with members at our AGM	16th November 2023, (completed)
Consultation with our membership regarding the Updates to the document 'Safety Advice for Coasteering Providers'	Via email and a working group led by the committee.	Consultation to start January 2024
Produce an updated final version of the document 'Safety Advice for Coasteering Providers'	Committee working group taking on responses and consultation advice from members	1st March 2024
Provide updates to members ahead of the 2024 season on the changes made	Via regional representative meetings	March - April 2024 (Start of season)
Add key learning points to our NCC Guide Award	Via updates to our Guide Award Providers	March - April 2024 (Start of season)

If you have any questions or queries please do not hesitate to contact myself at any time.

Yours faithfully

National Coasteering Charter Chair
