5	<p>CORONER'S CONCERNS</p> <p>During the course of the investigation my inquiries revealed matters giving rise to concern. In my opinion there is a risk that future deaths could occur unless action is taken. In the circumstances it is my statutory duty to report to you.</p> <p>The MATTERS OF CONCERN are as follows: (brief summary of matters of concern)</p> <ol style="list-style-type: none">1. There is no fully trained First aid trained employee on site at a Travel Lodge hotel premises for 24 hours of the day; at present there is a fully trained first aid employee on site from only 7am to 7pm. Emergency medical situations could present themselves between after 7pm and 7am and when there is only 1 Travel Lodge employee on the premises.2. All staff employees do not presently have basic first aid training with regular follow up refresher courses. i.e. they do not have both online AND face to face practical training to assess and handle emergency medical situations that may present themselves day or night - situations that may cause an employee and residents staying at a Travel Lodge to panic. It may be the case that they have a lack of understanding of the present first aid training. This training is key at night when there is only 1 member of staff on site at a Travel Lodge hotel premises.
