Dear Mrs Marsh,

Report to Prevent Future Deaths case reference: 17900868

I refer to my letter dated the 11 November 2024. As discussed in my letter of the 11 November 2024 I have attached below details of the signage installed at the Jetty in Burnham on Sea. This work was completed in November 2024. This has involved signage being installed at the top of the jetty and line marked signage being applied to the tarmacked surface

I have attached below photographs of the signage at the jetty.

Please accept my apologies for not sending this information earlier I have had a period of illness towards the end of November 2024 and have only recently returned to work.

If you have any questions, please do not hesitate to contact me.

Yours sincerely
