Subject: External: RE: Ryan James Richard Campbell (deceased) (ref: [REDACTED])

Good afternoon,

Thank you for sending the Regulation 28 report to the Department of Health and Social Care in relation to the sad death of Ryan James Richard Campbell. Please accept our sincerest apologies for the delay in responding to this case.

The Department has reviewed the concerns outlined in the report. As the procurement of diagnostic equipment at Stockport NHS Foundation Trust falls under the responsibility of the trust and NHS England (NHSE), we have determined that they are better positioned to address the issue and provide an appropriate response. Since NHSE are also a named recipient in the report, we have engaged with them, and they have confirmed receipt of the report and are working on their response.

Kind regards,

[REDACTED]
