Subject: Regulation 28 Letter - [redacted]

Dear Mr Davies,

James Edward Turner (deceased) - Regulation 28 Letter

Thank you for your letter of 29th September 2024, and accompanying Regulation 28 Report, following the recent inquest into the death of Mr James Edward Turner on the B2352 at Fursdon Farm, Horningtops.

I can confirm our contractor has been instructed and that warning signs indicating 'Farm Traffic' (diagram 553.1 & 553.2) will be erected shortly.

The highway authority's view remains that relocating the access is the best long-term preventative measure, given the limited view out of the field. As noted at the inquest, however, Cornwall Council has no power to require closure or relocation of the access, which is privately owned and has been in use for many years. We are though willing to work with the landowner on potential relocation options and would be grateful to be advised of any response Mr Harper makes to his own copy of your R28 letter.

Kind regards,

[redacted]
