Good Morning [REDACTED]

Thank you for the update received on the 1st July, which the Coroner has acknowledged.

Kind Regards
[REDACTED]
Support Officer to Senior Coroner

Subject: Re: HM Coroner Prevention of future Deaths Reg 28-Richard James Moss

Please can I provide a further update regards preventing future deaths. We raised the IT issue with our ICB, and they have confirmed that changes have been made to the chest pain referral pathway for all GPs in the area. It is now no longer possible to complete a referral without simultaneously sending a message to secretaries to ensure the referral is completed.
