Ms Brown
Senior Coroner for Birmingham and Solihull
[Redacted]

Dear Ms Brown,

Inquest concerning the death of Mohammed Ismail Khan.

Response to Regulation 28 of the Coroners (Investigations) Regulations 2013.

I am writing in response to the Regulation 28 notice issued following the conclusion of the investigation into the death of Mohammed Ismail Khan on the 4th September 2025, who sadly died on the 6th September 2022.

I extend my sincere condolences to Mohammed's family and friends.

We acknowledge the serious concerns raised regarding findings from the WMAS investigation which concluded that the national, JRCALC guidelines for the clinical assessment and management of breech birth were not adhered by the paramedics and regional trauma desk, and the importance of taking meaningful action to prevent future deaths.

NHS Birmingham and Solihull (BSOL ICB) has carefully considered the issues outlined in your report and will work closely with Black Country ICB who will coordinate a single, collective response to the Regulation 28 notice on behalf of all West Midlands ICBs by 11th November 2025.

The ICB takes the recommendations within the Regulation 28 report extremely seriously. We are committed to support Black Country ICB and WMAS in delivering the necessary improvements to the service and we recognise the importance of learning from this tragic event to help prevent similar incidents in the future.

If we can be of any further assistance at this time, please do not hesitate to contact me.

Yours Sincerely

[Redacted Signature]

**Chief Executive Officer
