Dear Ms Bourke,

Thank you for your letter of 26th January detailing matters of concern identified following the inquest into the death of Clive Mark Hyman.

You specifically wrote regarding a Regulation 28 report to prevent future deaths. We noted that your letter was also sent to the Chair of the MHRA, the medicines regulator.

Member companies of Medicines UK that are marketing authorisation holders for medicines containing apixaban are legally required to comply with MHRA's pharmacovigilance requirements, which may include changes to product information. Therefore, you can be assured that our members will comply with any future changes required by the regulator.

Thank you for contacting us, and we pass on our condolences to the family and friends of Mr Hyman.

Best regards,
