Dear Richard Brittain,

Re: Report to Prevent Future Deaths (PFD)

We have reviewed the PFD report that was shared with the UK Health Security Agency (UKHSA) on 11 May 2026.

UKHSA are not responsible for the commissioning of NHS treatment and care programmes and therefore, cannot comment on the actions that can be taken to address the concerns in the report.

The PFD should be redirected to NHS England specialised commissioning.

Yours sincerely,
